Soos Creek  
Water & Sewer District  
Woodinville Water District

### ***Financial Incentives and Technical Assistance***

This regional program serves all qualified customers of commercial, institutional and multi-family facilities with technical and financial assistance for irrigation system upgrades.

### ***Irrigation Program Description***

All commercial, industrial and institutional customers of water providers listed in the margin with irrigated landscape are eligible to participate in the Water Efficient Irrigation Program. Past program participants include corporate campuses, schools, parks, cemeteries, and apartment and condominium complexes.

### **Free Irrigation System Assessment**

An on-site review of your irrigation practices and recommendations to improve your water efficiency.

### **Free Irrigation System Audit**

A detailed evaluation of irrigation efficiency including system pressure, site coverage, computer-generated irrigation schedules and water budgets.

### **Financial Incentives**

Qualifying customers may receive financial incentives for capital upgrades to existing irrigation systems, or for other projects that result in dependable, consistent water savings. The incentive amount is based on the amount of water saved, the cost of the project, and the availability of funding. This will be discussed individually with each site's owner.
